## Organization Equipment Application to The KidSport™ Fund

The KidSport™ Fund is a national charity created to assist children from financially disadvantaged families to enter into sport programs where they can develop life skills such as fair play, leadership and teamwork.

The amount and type of equipment collected is limited. Please consider your equipment needs carefully before submitting this application. Be aware that the fulfillment of your application will depend on equipment availability. Eligibility does not automatically ensure any assistance.

Please read the following guidelines carefully before completing this form.

### **ELIGIBILITY GUIDELINES:**

- Equipment grants to individual athletes are designed to help those who would not play a sport without KidSport™ assistance.
- Equipment grants will be provided if equipment is available and on a first come first serve basis.
- KidSport™ assists children aged 5 to 18.
- Preference is given to athletes who are being introduced into organized sport.
- Must be affiliated with organizations recognized by Sport Manitoba.
- Equipment may be used only in structured sport activities led by a qualified coach.
- Appointments for equipment pickup at the warehouse will be scheduled in the same order in which the applications are received. The KidSport™ Fund will contact the recipient to collect his/her equipment. The recipient is responsible for all transportation or shipping costs from the warehouse to its destination.
- All equipment is previously used and will be distributed as is.
- The KidSport™ Fund will attempt to allocate equipment throughout the calendar year and across the broad spectrum of sports.
- It is encouraged that all equipment that is not being used and that is in good condition be returned back to KidSport™.

### **DEADLINE:**

KidSport™ Fund will process applications on an ongoing basis. (Subject to availability of equipment)
